

## Device Trainers EPFX-SCIO-QXCI with Imune International License

The following have completed the assessment requirements for the above qualification. The process is as defined by the manufacturer QX/Ecllosion Ltd and administered under contract by IMUNE.

### Revisions Feb 2007.

The categories have been revised to facilitate more user support across a spectrum by the addition of:

- Navigation Instructor
- Tutor
- Mentor
- Specialist
- Level 1,2,3 for Instructors and trainers

### ***Educator Categories***

- ***Navigator-*** those who start up and provide the basic instruction for new users to ensure that they have good navigation skills so that they can absorb the application teaching at levels 1-2-3. The IMUNE syllabus sets out the navigation that is required for various levels.
- ***Tutor*** – supports newer users who are working towards level 3- 1:1 or small groups.
- ***Mentor-*** supports and tutors therapists to a higher level- more application oriented. This requires a more solid clinical expertise- 1:1 or small groups.
- ***Diplomate-*** Teaches device related elements of specific topics to a structure provide by an Accredited Provider of Education.
- ***Device Instructor-*** teaching 1:1 or in small groups (4-6) who need the same technical knowledge as higher levels and either wish to teach only in small groups or need time to develop presentation skills. There are 3 levels.
- ***Device Trainer-*** as instructor with larger group teaching skills. There are 3 levels.
- ***Specialist-*** Presents specific topics including non device aspects and device integration into topic from a position of expertise.

## ***Educator CV's***

See device Trainers CV Listing.pdf

## ***Device Trainer Obligations***

This qualification means that:

- QX/Eclasion recognises the trainer's expertise in device operation
- QX/Eclasion authorises the trainer to teach Beginners, Intermediate, Advanced (Level 1-2-3) in device principles, operation, technical interpretation.
- The trainer to use in promotional material that he/she holds an IMUNE International License Device Training (EPFX-SCIO-QXCI).
- To be listed on the IMUNE website under trainers.
- As have sufficient knowledge to enable students to pass the IMUNE International License Exams for Quantum Biofeedback.
- Use of specific Imune logos.

*The License does not allow:*

- Promotion as an IMUNE Trainer for expert modules such as homeopathy etc.- this requires a separate application.
- Any activity or representation that is not legal in your country.

## **Terms**

It is part of the terms of issue that the trainer:

1. Ensures that the topics that are required by QX to be included are covered- topic list will be issued shortly for beginner, intermediate and advanced.
2. Provides feedback on courses:
  - a. Uses a scored student feedback form, to be completed by each student.
  - b. Submits a summary for each course
  - c. Submits a list of students and contact details for each course- IMUNE undertakes to use this information solely for IMUNE purposes (including mailings to students about IMUNE activities) and for no other business without your express permission.
  - d. Actively implements any changes in training that are indicated.
  - e. Do the on line Technical Exams over the course of the next year: this is to ensure that the trainer has all the technical knowledge required by QX/Eclasion to ensure that the trainer fully understands the program.

## **License Renewal**

Licensed training will be reviewed by IMUNE on behalf of the manufacturer (as per contract requirements) including but not necessarily limited to the following:

1. Sole or co-training of minimum 6 days per year, minimum 21 students total.
2. Submission of information, including feedback forms for each training.
3. Satisfactory performance and/or corrective action, including conformity to manufacturer's guidelines for interpretation of system information (values etc.)
4. Conformity to ethics.
5. Proof of continuing education:
  - a. 3 day seminar attendance per year where the manufacturer or appointed representative presents device developments. (Preferably. Dr Nelson)
  - b. 20 hours continuing education related to device use (seminars, on line classes, documented self study, research submissions etc.)
  - c. 20 hours CEU outside device application (e.g. nutrition, homeopathy etc.)
